## **Health and Safety Risk Awareness – Level 2**

### Course Duration:

1 day

### Course Aim / General Introduction:

If a risk management strategy is to be truly successful, organisations must embed a risk management philosophy throughout the organisation. As risks start to be devolved and managed at departmental and divisional levels it is imperative that all those involved in the process are fully trained on what is expected of them. This course is generally aimed at most personnel to help them understand the process and embed effective risk management philosophies throughout their operations.

### Learning Outcomes:

- Demonstrate an understanding of the primary employer statutory duties around fire risk assessment
- Undertake a risk assessment exercise within their workplace
- Understand what is meant by the terms 'hazard' and 'risk' to be found in a risk assessment
- Prepare and complete appropriate risk assessment documentation

### Who should attend this course?

All personnel within the organisation

Teaching and Learning / Assessment:

- Group / Individual exercises
- Case study
- Group discussion

Capacity:

12 people

Price:

- In-house session @ £420, plus VAT
- In-house session @ £75, plus VAT per additional delegate
- Grouped training @ £195 per person, plus VAT
- One to one session @ £200 per person, plus VAT

Qualification:

On successful completion of this course students will be awarded the OCN Level 2 award in Health and Safety Risk Awareness.

The award is issued through Life Environmental and The National Open College Network who are approved as an awarding body with the Qualifications and Curriculum Authority (QCA).
